

JULY WEBINARS

Thursday
July 9th 2020

2020 SUMMER INSTITUTE

CalTeach at
UC Merced

Presenter: Dr. Jeanette Cobian

The science behind wildfires!

The goal of this session is to provide an overview of the science behind wildfires and to provide a behind the scenes look at the work of scientists to study wildfire.

About the Presenter:

Dr. Jeanette Cobian-Iñiguez is a postdoctoral scholar focusing on wildland fire. Prior to her postdoctoral work, she completed her PhD in Mechanical Engineering at the University of California, Riverside and she will be starting a faculty position at the University of California, Merced, Department of Mechanical Engineering in July 2020. Jeanette's research interests are in the use of experiments to gain fundamental understanding of wildfire behavior, remote sensing data to create data driven models of regional wildfire behavior as well as in science communications and outreach.

Who is the webinar session open to?

Teacher, Community members, Undergraduates

When is the session:

July 9th: 3pm to 4pm

How can you register?
